Bruce Rocha and his crew from the Lions Club have been taking advantage of the mild Fall weather and the results are excellent as shown in photo above. The volunteers have done a great job on their weekend task and the lines of the structure are much admired.

## New Wing for Tobey

TOBEY HOSPITAL TO RAISE \$1,500,000

At a dinner meeting held at the Lobster Bowl on Cranberry Highway in Wareham on Monday night, November 23rd, plans were discussed for the Tobey Hospital fund-raising campaign with the recently-formed Steering Committee. Thirty-four guests were present, including members of the hospital staff, trustees and residents of the towns in the area served by the hospital. They heard a description of the new \$3,000,000 Susanna K. Tobey Wing and the need for an additional forty beds.

W. Latimer Gray, chairman of the Board of Trustees, presided and introduced Drs. Baxter and Gallison of the medical staff; Mrs. Penti, head nurse; the architect, Mr.

office space. Mrs. Penti assured those present that, due to a new training program for licensed practical nurses instituted last year in Buzzards Bay, adequate nursing care will be available for the patients occupying the new addition. The hospital currently services an area with a population of over 90,000 people. Its staff totals over 200 and will be expanded once the new wing is completed in 1972.

Thus far approximately \$1,500,000 or fifty percent of the funds necessary has been raised, of which \$900,000 was received from the estate of Susanna K. Tobey and the remainder from a few significant contributions plus the proceeds of sale of real estate. It is planned to formally open the campaign in April with personal solicitation to follow for all year-round and summer residents of the area.

Members of the Steering Committee were enthusiastic about the expansion move and pledged to help to make the fund-raising effort a great success. They will be meeting on a regular basis from now on to help with the plans and organization necessary to complete the campaign by late summer.

### GUILD CHRISTMAS PROGRAM

At 7:30 Wednesday evening, December 9th, Saint Anthony's Woman's Guild will hold their Christmas program in the church hall. Mrs. Manuel Rosenfield of Mattapoisett will give a brief history of Judaism and will demonstrate a Hanukkah celebration, which is based on stories of the Old Testament. The "Feast of Lights", Hanukkah, is basically a home festival and one that contains special magic for children. There are gifts, "gelt", "dreidels", a "Menorah" and "Latkes", and all will be explained to the audience.

The centerpiece of the refreshment table will be a wintertime confection display created by Mrs. Melvin Miller. In the spirit of sharing, each member of the executive board will be serving a special dessert dish that means "holiday" to each individual's

## Mothers' Tea

### CHRISTMAS TEA AT ORRHS

A Christmas tea for the mothers and daughters of the freshman and sophomore classes at Old Rochester Regional High School will be held in the cafeteria on Thursday, December 10th, at 2:30 P.M.

Committees of girls, faculty advisers and parents are being formed to insure the success of this affair and all mothers should receive personal invitations.

So that the afternoon's program will appeal to all ages Mrs. Dorothy Brown of Mattapoisett will speak for a few minutes to outline a course to be given later in the year entitled "A Personal Development Beauty Course". This course will cover such subjects as good grooming, personal hygiene, skin care, diet and exercise.

The girls' chorus, under the leadership of Mr. Gary Thomas, will sing.

It is hoped that the mothers who have daughters in the freshman and sophomore classes will remember this date.

## Return of "Little Nell"

Three years ago, the Pilgrim Youth Fellowship of the Mattapoissett Congregational Church presented a most memorable evening of bright theatrics featuring the old time melodrama, "Little Nell", a broad burlesque of the popular gay nineties "mortgage, tears and everything!!" show.

The audience response was so zealous that all those involved in the enthusiastically received performance decided they must try to top that evening's exultation when they would all be members of the church senior youth group, "The Fireside Fellowship".

Now is the hour! Those 7th, 8th and 9th graders of three years ago are now members of the senior youth fellowship. Three years older, three years wiser, three years more experienced in drama skills, the "Little Nell" cast and crew are recreating their

formerly attained triumph, with verve and dedication for the pleasure of area theater goers.

All major roles are being reenacted by the original cast members. Sarah Flanders is the heroine, Little Nell Wilkens. Lisa Saether and Richard Helfand are her uptight parents, Ma and Pa Wilkens. Chris Saether is the villainous cad, Carlton Bainbridge, and Jeff Dunn is the honest, humble hick of a hero, Hector Skyscraper.

New cast members this time around are David Peterson as "The Stage Manager", and Gail Roberts as "The Prompter". Mark Harris will set the stage for the show by delivering the Prologue.

Lighting is being arranged by David Peterson and Chris Saether. Assisting with stage sets and props are David Peterson, Mark Harris, Delia Davis, Ben Dunn, Kim

### PEN SALE POSTPONED

The scout leaders of Boy Scout Troop #15, Mattapoisett are extremely sorry that the annual pen sale scheduled for last Sunday, November 29th, had to be called off.

Apparently the demand for this pen far exceeds the manufacturer's ability to produce, therefore creating a situation of supply and demand that we find unwelcome but have adjusted to, to some extent.

With luck we may have the annual pen sale Sunday, December 6th.

Respectfully,

## O.R. 3&6 for Season

DENNIS-YARMOUTH 14 to 12

If the football had been a hot turkey, it could not have proved more elusive as Old Rochester hosted Dennis-Yarmouth on Thanksgiving Day. A combination of Bulldog fumbles and alert coverage and interception by the Dolphins helped enable the visitors to post their second victory of the season.

A Bulldog fumble set up the first score. Steve Ferguson of the Dolphins had a big day and he started the scoring by breaking

through the Old Rochester line on the Bulldog 33. He went through to score untouched and the Dolphins had 6. Ferguson's try for the point after was stopped.

The second scoring play by Dennis-Yarmouth started on the Bulldog 38 yard line. Gary Miller, Dolphin quarterback, threw to end Al Watson who gathered it in on the 20 and ran in to score making it 12 to 0. Ferguson then took the pass from Miller to score 2 points that proved later to be the game winning edge.

Late in the second period Sullivan found

## FAIRHAVEN SAVINGS...

Here's good news for everyone who saves at Fairhaven Savings! First, we've changed the dividend period from quarterly to monthly. Second, dividends are computed from day of deposit to day of withdrawal. Minimum balance of \$10 is required.

Third, interest is being compounded daily. This, of course, is instant interest that earns for you every day!

Finally, all of these changes put extra cash into your accounts and apply to each and every one of the six savings plans we offer at Fairhaven Savings!

More good news follows. Dividend day is the second Monday of each month.

In the fourth quarter, the Bulldogs sustained another drive. Bill Knapton made some steady gains as he had throughout the game. The Bulldogs running with power moved from their own 32 in seven plays. ## 3rd Year O.R. Honored

REPRESENTATIVE FROM ORRHS TO  
GO TO WASHINGTON, D.C.

Mr. Frank P. Gifune, Jr., principal of  
Old Rochester Regional High School, is  
pleased to announce that Old Rochester  
has been chosen by "A Presidential Class-  
room for Young Americans" to send a rep-  
resentative from the high school to Washing-  
ton, D. C. to participate in this program.

There was an overwhelming response to  
this invitation and many applying schools  
were eliminated. This is a great honor for  
Old Rochester since it was one out of 350  
schools chosen. Miss Marjorie Burnett,  
daughter of Mr. and Mrs. Melville Burn-  
ett of Marion and a senior at Old Rochester,  
was chosen to represent the high school.

Miss Burnett will be in Washington from  
March 20, 1971 through March 27, 1971.  
The purpose of this program is to give high  
school seniors an opportunity for in-depth

# HOW TO USE COLOR

The sequence from hue to hue is a complete circuit of the spectrum. The three Primary colors are Red, Yellow, and Blue; the three Secondary colors are Orange, Green, and Violet, and the six Tertiary colors are Red-Orange, Yellow-Orange, Yellow-Green, Blue-Green, Blue-Violet, and Red-Violet. Complementary colors are directly opposite each other; Analogous or Adjacent colors are next to each other.

Successful room decoration often depends on how well the total color effect is anticipated. Professional interior designers generally have in mind one of the following four basic color schemes. You will find it helpful to do this too when choosing your wallcovering pattern which will create the color palette for the room.

**MONOCHROMATIC**—This scheme is built around one color, such as blue, using it somewhere in its full intensity, and then varying it with different tones of the same color—lighter tones being tints, darker tones being shades.

**ANALOGOUS or RELATED**—The scheme that enjoys the greatest popularity at the present time. It is based on two or three colors, such as yellow, yellow-orange, and red-orange, that lie close to each other on the color wheel, with "relief" provided by tints and shades of the same that have

been tinged with adjacent greens or vermillion.

**COMPLEMENTARY or CONTRASTING**—A scheme that is rapidly coming into favor. It exploits the "shock value" of any two colors exactly opposite each other on the color wheel, such as red and green, but softens their impact by selecting unexpected shades and tints of them.

**ACCENTED**—A combination of adjacent, related, or analogous colors accented by a bold touch of color from the opposite side of the wheel. An example would be a scheme ranging through a number of strong, soft, and grayed yellows spiked with purple or violet.

toys and winter clothing, an old couple will have a warm holiday meal and a family down on its luck will have a Christmas after all.

On the day before Thanksgiving, the Volunteers of America, the national social welfare organization, started its 74th consecutive Christmas fund-raising appeal to help our needy neighbors. Annually, the Volunteers of America aids more than 2 million people regardless of race, color or creed with a variety of services.

The organization aids and rehabilitates the homeless and the handicapped, pro-

vides special services for families and young people in need.

Buy yourself the happiest Christmas you've ever known by donating to the Volunteers of America workers in the stores and markets.

## Letter to The Editor

This old couple really had something to be thankful for today.

Earle Underwood has been a Deacon in the village church for some years. He offered to make wooden frames to sit the new metal tables in for the Church Christmas Fair on December 1st.

When he was running his electric table saw he accidentally laid his right hand upside down on it, amputating several fingers and part of his thumb.

We were hard put to know how we would get them finished.

Bobby Lopes of Baker Lane, Mattapoisett came and worked Saturday, and lo and behold when he came back Tuesday afternoon we were all so happy - Lou Corey drove into our yard at eight o'clock Tuesday morning with six efficient young men in the Old Rochester Regional High School red bus.

In no time these young men flew into action and the job we thought was impossible was completed beautifully.

We are so grateful, not only to Mr. Corey,

Hanging of the Greens and the annual Christmas party scheduled for Sunday, December 6th, from 3 to 5 P.M., is for everyone of the YWCA "family". Admission is the up-to-date membership card of someone in the family. Children must be accompanied by an adult. YWCA rooms will be decorated by club members and groups for the first forty-five minutes, and then the play by Lewy Olfson, "Christmas from Coast to Coast", will be presented by the Drama Club in the gymnasium and Christmas carols will be sung by the group. Special program is planned for the children and Santa Claus will definitely visit.

Mrs. Henry R. Groebe, chairman, and members of the membership committee, are in charge of the program. Refreshments will be served by the hospitality committee, Mrs. Erling Moe, chairman.

### "FOOD, FOOD EVERYWHERE" THE SEA'S PROMISE

Scientists tell us the oceans every year grow more than enough food to feed everybody in the world. This is a comforting fact when we consider the millions of hungry people. But it underscores the tragedy that we don't know how to harvest all that food efficiently. Tremendous strides have been made in conventional land harvesting methods, according to New Holland, the farm equipment division of Sperry Rand Corporation. But, says New Holland, harvesting the ocean profitably is a tremendous challenge facing industries and governments throughout the world.

Many developing nations desperately need food, especially high protein food for which the sea is an excellent source. Today, only 1% of all food comes from the sea, but that

1% is so protein-rich that it accounts for 12% of the protein consumed by people the world over.

The methods we use today for getting food from the sea haven't changed much since the days fishermen first cast nets into the water. If we're going to do better, new methods, practically a whole new body of technology, will have to be developed. Governments, industries and universities are working right now to meet the challenges of the sea, to channel its potential. They're working on new tools, developing ways of living underwater and trying to learn how to select and grow the most productive plants and animals.

Backed by these resources and the efforts of a growing body of dedicated men, tremendous strides are being made. One example is fish protein concentrate - FPC. FPC is a high protein foodstuff made from whole fish with a process developed by the U. S. Bureau of Commercial Fisheries.

It could prove a mighty weapon in the battle against world hunger because less than one cent's worth of FPC can supply a child with his minimum daily protein needs.

Though its potential is great, the history of FPC is filled with controversy. The U. S. Food and Drug Administration was hesitant to clear the product for human consumption, mainly for two reasons. One, FPC is made from whole fish - bones,

scales, heads - everything. Two, the fish used for raw material are "trash" fish, which people in the U. S. do not ordinarily eat.

Eating whole fish is presumably no more repulsive than eating whole clams or oysters. And trash fish are no less nutritious than other fish; they're simply less tasty. In its final form, FPC made from whole trash fish is a white powder, very pure, odorless and tasteless. Adding it to foods like bread is a cheap way to greatly enhance their nutritional value. Objections to its use were eventually overcome and the FDA approved FPC for consumption at home and abroad.

That it did so is important, not only for the future of FPC, but also because it clears the way for the development of foodstuffs from other unorthodox sources. The sea will be one of these sources, but there will be others. Crude oil, for instance, can be converted into protein by a certain type of bacteria.

The promise of filling the world's pantries is not the only force pulling men toward the sea. It's filled with other possibilities. By expanding our knowledge of the ocean, we'll know more about the weather and perhaps be a step closer to

## OUR OWN CRAFTSMANSHIP IN COLONIAL PINE GIFTS

It takes more than skill and tools to build a piece of furniture that will be the centerpiece of a home. The most important element is pride. We build with pride what you'll be proud to give. Hutches, tables, desks, chests, bookcases and some special pieces of our own such as a whale coffee table carved from heavy mellow pine. If you have something special in mind, we will build it to order. Come in, browse as long as you like. Our gift shop holds gifts of all kinds. Scrimshaw jewelry and desk sets, decorated tin plates from England \$1.50, Hand made dolls \$5.50 to \$9, lamps, glassware, bric a brac, and hundreds of gifts for the home. ### SUCCESSFUL SODA BOTTLE DRIVE

A big "THANK YOU" !!! goes out to the people of Mattapoisett. YOU made it possible !!! YOUR help in the contribution of over 4000 returnable soda bottles lets us continue our support of 5 adopted needy families.

A SPECIAL BIG THANKS to our local A & P, under the management of "Stan" for accepting this overwhelming amount of returnables.
